

# Consent to Use Practice Better's AI Charting Assistant During Sessions

**DISCLAIMER:** This form does not constitute legal advice. If you have any questions about how to safely and legally use AI in your practice, please contact your regulator or seek knowledgeable counsel.

As your practitioner, my top priority is to provide you with exceptional care. To enhance our sessions and ensure my focus remains entirely on your needs, I am introducing a new technology called Practice Better's AI Charting Assistant.

## What is Practice Better's AI Charting Assistant?

Practice Better's AI Charting Assistant is a tool that supports our sessions by generating clinical notes. This tool allows me to engage more deeply in our conversations, reducing the need for manual note-taking and fostering a more attentive and interactive experience for you.

## How Does This Tool Work?

The AI tool runs in the background, creating a summary based on our dialogue. I will personally review and approve these summaries. The tool does not engage with you directly.

## Data Privacy and Confidentiality

Your privacy is paramount. The AI tool complies strictly with Health Insurance Portability and Accountability Act (HIPAA) guidelines, ensuring the security and confidentiality of your data.

## Your Consent

Participation is voluntary, and you can withdraw your consent at any time. If you agree to the use of Practice Better's AI Charting Assistant during our sessions, please sign and date the form below.

I will also discuss, or have discussed with you, the use of this tool before using it in our session. Should you have any questions or concerns, please do not hesitate to discuss them with me.

### Client Signature

I consent to the use of Practice Better's AI Charting Assistant during my appointments.
